# SmartVisio4TFS Release Notes

## Table of Contents

## 1. Introduction

This document contains the release notes for SmartVisio4TFS release. It describes recently added, changed, or deleted features of SmartVisio4TFS Application. All users are encouraged to consult the release errata before installing application. The errata document is updated with "late-breaking" information discovered late in the release cycle or after the release. Typically, it contains information on known bugs, security advisories, and corrections to documentation.

## 2. System Requirements

### Supported Operating Systems

- Windows 7
- Windows 8
- Windows 8.1
- Windows 10

Both 32-bit and 64-bit versions of all operating systems are supported.

### Software Dependencies

SmartVisio4TFS™ requires prior installation of following applications/frameworks.

- Microsoft Visio

    o 2010
    o 2013
    o 2016
    o Visio 365 ProPlus

Both 32-bit and 64-bit versions of all above mentioned applications/frameworks are supported (where applicable)

- Microsoft .Net Framework 4.5
- Microsoft Visual Studio Tools for Office Runtime (VSTO)
- Team Explorer

    o Visual Studio 2017, Team Explorer 2017
        Or
    o Visual Studio 2015, Team Explorer 2015
        Or
    o Team Explorer 2013 with Update 4 must be installed
        Or
    o Team Explorer 2012 with Update 4 must be installed
        Or
